## Who We Are

CCAP was founded in 1974 to help families who could make it three weeks of the month but really struggled the fourth week. We are a homeless prevention program that helps families get through a crises and stay housed.

### Our Mission

Guided by our faith in God and love of our community, CCAP is committed to helping our neighbors to meet basic needs with food, clothing, and financial resources.

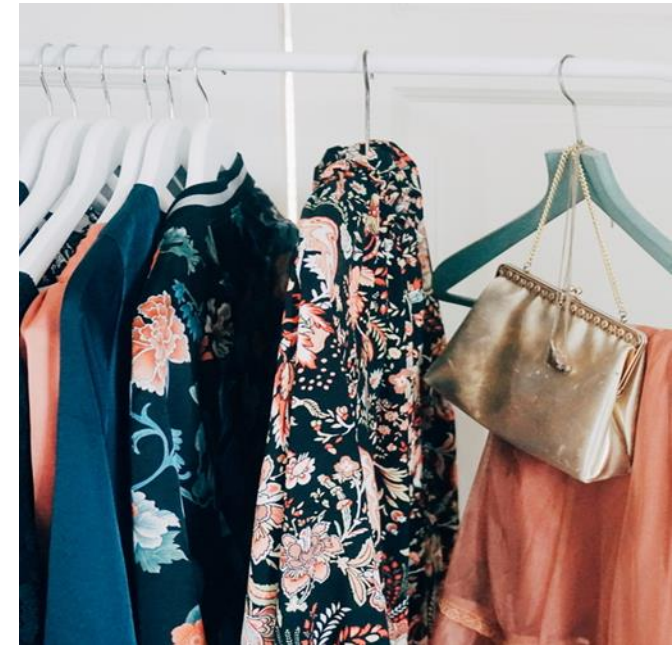

# The Unique Boutique

If a family needs clothes, they can come to the clothing house.

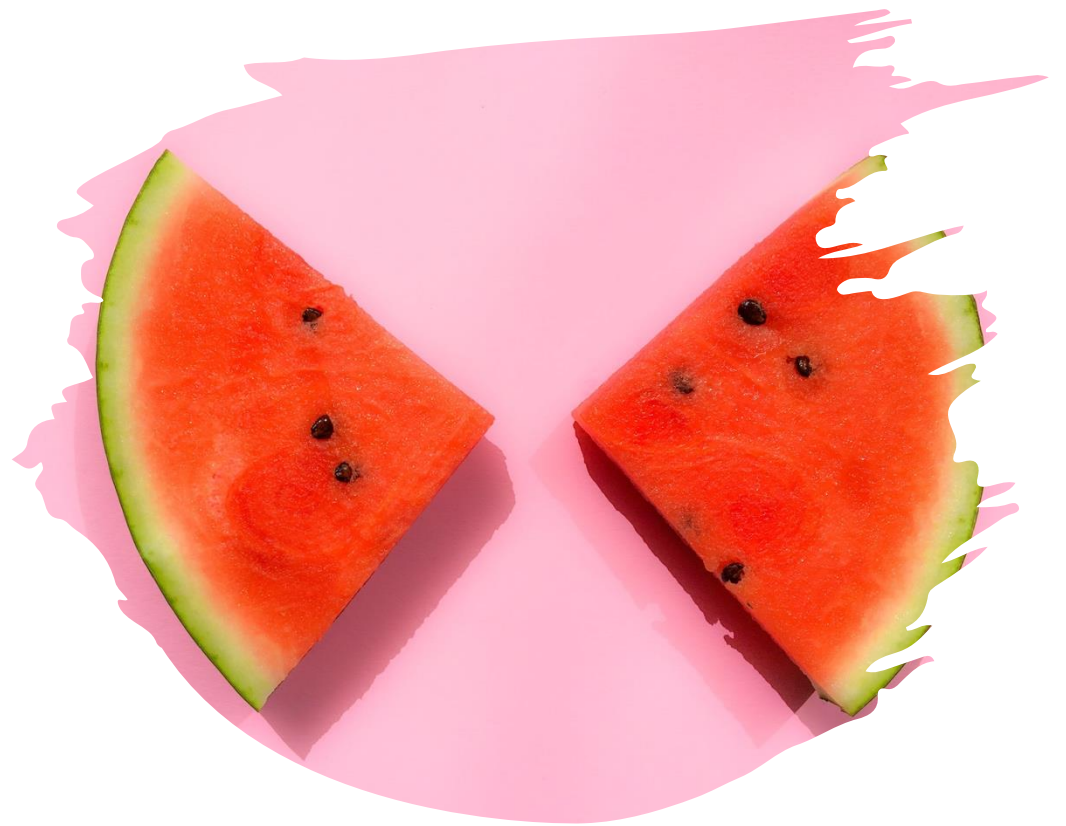

We provide clothing for all sizes, diapers, towels and linens.

We even have shoes and accessories.

In 2025 1562 families utilized the Clothing program.

If a family is hungry and cannot afford to buy food, they can access our food pantry. Winchester City experiences 19% food insecurity.
