

USA/Canada Forum

It's not too late to register for the 2026 Forum being held in Memphis, TN September 3-5. It's a great opportunity to learn more about Lionism and start or finish a Lions University Degree. To find out more go to <https://lionsforum.org>. I've attended 3 and learned so much. This is the 50th Anniversary Forum. There are so many great shirts available at the Forum Store. Blue Frog has those very colorful shirts that you see DG Dan and many others wearing. It's a great place to network and get ideas from Lions all over the US and Canada. Four meals are included with your registration as well as speakers and musical entertainment.
