

District Sight Report Fall Conference
Submitted by Lion Davida

- Established a new Optometric partnership with Visual Health. As a result, completed or in process with the following
1. Coordinated the Placement of recycling boxes in all 12 of their locations
 2. As a result of my sharing there was an urgent need for doctors who can see preschoolers, one of their doctors got trained to do this in their Reston office. I drafted an MOU between the Reston Lions and Visual Health. Exam \$55, glasses 12. Any club can use the Reston location if needed, would
 3. comment updating our MOU template to have that club information in their system If we can grow this at other location, I will let everyone know.
 4. Their Medical Director who is an Optometrist has agreed to partner with me and do an informational community event. The focus will be to educate families on the importance of seeing an eye doctor/screening and the changes that too much screen time causes to children's eyes. Event details, TBD, probably an evening the first week in November at a Reston church/preschool.
 5. Contacted Shinkai at the Fx Health Dept to let her know that Reston can now consider being of help to provide glasses and exams for preschool age children
- Created a virtual informational event taking place on Sept 29 in multiple markets from the DC Metro FFB Chapter. Focus is wearable technology, smart glasses All are welcome. Contact Davida for info
 - As a result of helping a 16 year old replace his broken glasses, I helped McLean Lions connect to My Eye Doctor and connect to the Fairfax Health Dept
 - Working on a public informational event for DC Metro FFB chapter, details TBA, probably November in person program
 - Attending American Council of the Blind VA meetings as I can and supporting their activities. Through connections made at their conference last year and Lion Sally's help, a few members are now Lions
